Twinkly Flex – App-Controlled Flexible Light Tube with RGB (16 Million Colors) LEDs. 3 Meters. White Wire. Indoor Smart Home Decoration Light

DESCRIPTION

Watch as light and color become art with smart, flexible LED tube Twinkly Flex. Reminiscent of classic neon lights but actually a tube you can twist into any shape your heart desires, Flex brings new levels of lighting design and decorative lighting to your space. Available in multiple different lengths, this tube of premium, app-controlled, addressable LEDs was designed for extraordinary brightness and color quality in over 16 million colors. For indoor use only.

FEATURES

With Twinkly Flex, you're the artist. Twist and bend this smart, flexible premium LED tube into endless forms and shapes, taking your lighting decorations to new levels

Enjoy setup in a matter of seconds via Bluetooth® and Wi-Fi, manage your lights with the free Twinkly app (iOS and Android), group multiple devices, set automated playlists, switch your lights on and off, apply timers, dim them and adjust their brightness, and much more

Unleash your creativity with endless preset effects and animations, create your own personalized ones using the FX Wizard on the Twinkly App, or virtually draw effects on your lights with your finger. Use your imagination and any shade, gradient, hue or tint of 16 million colors to create the ultimate decorative lighting

Use your lights all year round and create the perfect decorative lighting for any space in your home. With Flex's easy-to-shape design and handy mounting clips, it's easy to create shapes and hang them up, or take them down to design new ones whenever the mood strikes

Watch your lights dance to Twinkly Music (sold separately), a smart USB-powered sound sensor that interprets ambient music and sounds in your space and applies synchronized colors and effects to your lights

LONG DESCRIPTION

Watch as light and color become art with smart, flexible LED tube Twinkly Flex. Reminiscent of classic neon lights but actually a tube you can twist into any shape your heart desires, Flex brings new levels of lighting design and decorative lighting to your space. Available in multiple different lengths, this tube of premium, app-controlled, addressable LEDs was designed for extraordinary brightness and color quality in over 16 million colors. For indoor use only.

Twinkly lights are easy to configure via Bluetooth® and Wi-Fi and can be voice-controlled with voice assistants Amazon Alexa and Google Assistant. Once you've set up your lights, let the Twinkly App do the rest: it scans and maps each individual bulb, transforming your lights into a personalizable decorative display. You then get to apply virtually endless default effects and animations or create your own personalized ones.

For even more impressive decorations, combine your lights with Twinkly Music (sold separately), a USB device with a built-in microphone that interprets ambient sounds and music in your space and applies matching colors and effects to your lights. And for gamers, Twinkly seamlessly integrates with Razer Chroma™ RGB and OMEN Light Studio to take gaming to the next level with stunning lighting effects that react to gameplay.

HIGHLIGHTS

- Multicolor RGB LEDs – 16 million colors
- App-controlled 3 meters flexible light tube
- Twinkly App free for iOS and Android on mobile and tablet
- Instant Wi-Fi and Bluetooth® connection
