TWP300SPP-BUK

Twinkly Light Tree – App-controlled Flag-pole Christmas Tree with 300 RGB+W (16 Million Colors + Warm White) LEDs. 2 Meters. Black Wire. Pole Included. Outdoor Smart Christmas Lighting Decoration

DESCRIPTION

Bring light and color to your holidays like never before with Twinkly's smart LED Light Tree. Available in multiple heights and with various numbers of bulbs, this flagpole tree takes classic Christmas decorations and lighting to a whole new level. Easy to assemble out of the box with everything you need inside, including pole and all related accessories, this tree shines with premium, app-controlled, addressable LEDs that were designed for extraordinary brightness and color quality in over 16 million colors and a full range of white light from warm white to cool white. Perfect for use both indoors and outdoors.

FEATURES

Light up your yard or garden and enjoy your merriest Christmas yet with the Twinkly Light Tree, a flagpole tree that is easy to assemble and full of smart, addressable LED lights that will give you your brightest and most colorful holiday season yet.

Enjoy setup in a matter of seconds via Bluetooth® and Wi-Fi, manage your lights with the free Twinkly app (iOS and Android), group multiple devices, set automated playlists, switch your lights on and off, apply timers, dim them and adjust their brightness, and much more.

Unleash your creativity with endless preset effects and animations, create your own personalized ones using the FX Wizard on the Twinkly App, or virtually draw effects on your lights with your finger. Use your imagination and any shade, gradient, hue or tint of 16 million colors and white light to create the ultimate decorative lighting.

This easy-to-assemble weatherproof flagpole tree is a must-have for your yard or garden. Wrap the net of lights around the pole, set in place using the pegs provided, and watch sparkling lighting decorations illuminate your merriest Christmas and brightest holidays.

Watch your lights dance to Twinkly Music (sold separately), a smart microphone that interprets ambient sounds and music in your space and applies synchronized colors and effects in real time.

LONG DESCRIPTION

Bring light and color to your holidays like never before with Twinkly's smart LED Light Tree. Available in multiple heights and with various numbers of bulbs, this flagpole tree takes classic Christmas decorations and lighting to a whole new level. Easy to assemble out of the box with everything you need inside, including pole and all related accessories, this tree shines with premium, app-controlled, addressable LEDs that were designed for extraordinary brightness and color quality in over 16 million colors and a full range of white light from warm white to cool white. Perfect for use both indoors and outdoors.

Twinkly lights are easy to configure via Bluetooth® and Wi-Fi and can be voice-controlled with voice assistants Amazon Alexa and Google Assistant. Once you've set up your lights, let the Twinkly App do the rest: it scans and maps each individual bulb, transforming your lights into a personalizable decorative display. You then get to apply virtually endless default effects and animations or create your own personalized ones.

For even more impressive decorations, combine your lights with Twinkly Music (sold separately), a USB device with a built-in microphone that interprets ambient sounds and music in your space and applies matching colors and effects to your lights. And for gamers, Twinkly seamlessly integrates with Razer Chroma™ RGB and OMEN Light Studio to take gaming to the next level with stunning lighting effects that react to gameplay.
