Compatibility

For devices that have a video-enabled USB-C port

Package Includes

- Universal USB-C Triple Display Dock
- 3.3 ft./1m USB-C to USB-C cable
- 150W power supply

The Belkin CONNECT Family

CONNECT products are all about making connections. From cables that charge and share data to docks that bring devices together for a more streamlined experience, CONNECT delivers data in the most efficient way possible while maintaining the highest levels of quality. The very first product Belkin released to market was a cable, and we are proud to say that making connections has been an essential part of our story ever since.

The Belkin CONNECT Family Characteristics

- Developed for compatibility with industry-leading protocols (examples include Dolby Vision®, HDR 10, HDMI, DisplayPort™)
- High-resolution support
- Maintains high-speed connection for smooth picture
- Simple plug-and-play connectivity
- Durable construction

The Belkin Difference

- Pioneer in innovation and technology for over 35 years
- Rigorously tested to ensure lasting quality

SKU#: INCO07t+BK, INCO07qcBK, INCO07vfBK

DisplayLink graphics technology works across computing platforms and connector types, making nearly every monitor and system work together. Just plug in your MacBook, PC, or Chromebook and they can all use the same large displays, keyboard, and mouse. Whether you're working, streaming, or gaming, you'll enjoy simple connections, solid connectivity, and ultra-low latency. Please download DisplayLink drivers before using dock.

*Full functionality dependent on host computer.
