# SPINDLE2GO

## Overview

XENSIV™ - High resolution multiturn with true power on for 3D magnetic sensor Shield2Go

Our XENSIV™ Spindle2Go can be mounted on 3D magnetic sensor Shield2Go. The ring magnet is included. Please note that the Shield2Go is not included, needs to be ordered separately.

## Summary of Features

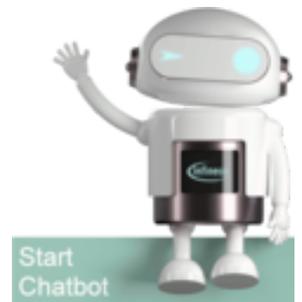

- Accuracy below 20  $\mu\text{m}$
- Ring magnet included
- Ease mounting on 3D Shield
- Magnet, NdFeB 10x7x3, diametral magnetized
- Recomm. Supermagnete R-10-07-03-DN
- Python code at github available

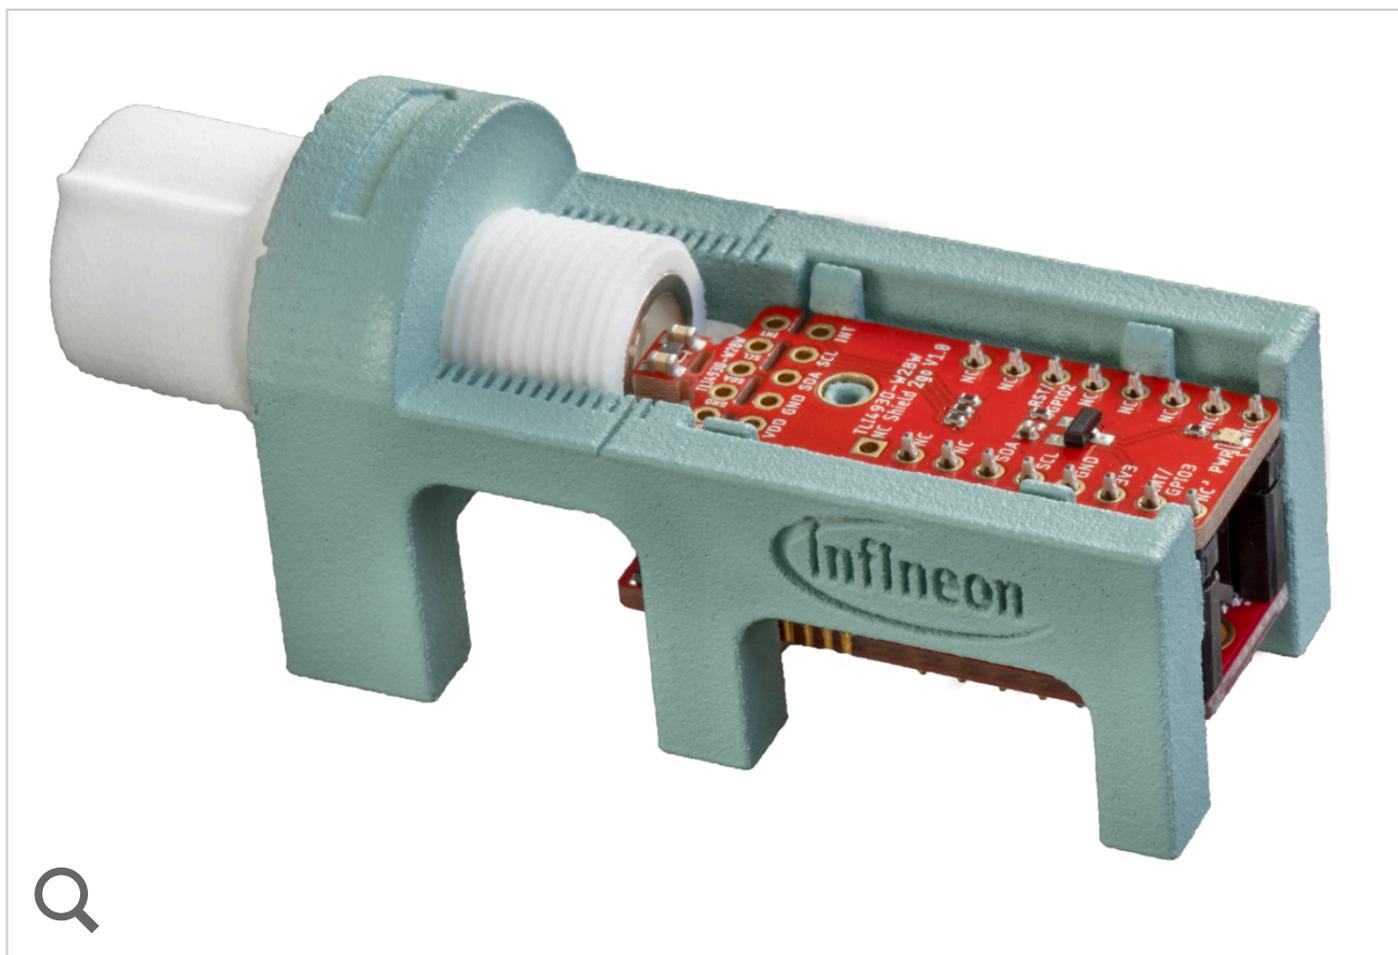

## Benefits

- High resolution multi-turn
- True power on availability

## Parametrics

Parametrics	SPINDLE2GO
Applications	Valve control ; Smart heating thermostat ; Door locks ; Spindle control
Device	TLI493D-W2BW
Family	3D Magnetic Sensor
Product Name	SPINDLE2GO

## Order

<b>Sales Product Name</b>	<b>SPINDLE2GO</b>
<b>OPN</b>  Info	SPINDLE2GOTOB01
<b>Product Status</b>	active and preferred
<b>Infineon Package name</b>	
<b>Standard Package name</b>	
<b>Order online</b>	
<b>Completely lead free</b>	
<b>Halogen free</b>	
<b>RoHS compliant</b>	no
<b>Packing Size</b>	1
<b>Packing Type</b>	CONTAINER
<b>Moisture Level</b>	2
<b>Moisture Packing</b>	NON DRY
