TE Connectivity

Product Change Notification: PCN-24-228176

PCN Date: 02-DEC-24

Customer: Premier Farnell UK Ltd (PFUK) (101113)

Location: Leeds

Agreement: Agreement Unknown

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

Product Description: (Text limited to 120 characters)
 DEUTSCH W4S-ZZ Wedgelocks New Capacity Tooling and non-functional geometry change

General Description of Changes

The Industrial and Commercial Transportation business unit of TE Connectivity is adding new capacity tooling and making a change to improve our molding process for the wedgelock W4S-ZZ. This PN is a TE proprietary design, therefore considered catalog/general market product. PPAP and/or sample requests must be submitted within 14 days of PCN submission via ict-ppap-request@te.com or ePPAP system. Submission will not occur without request. If PPAP requested, disposition response is required within 14 days of submit date or it will be considered approved. Product drawings are affected.

Reason for Changes:

Dear Customer, we inform you of this change. The new tooling and modifications (highlighted in green) are necessary to meet customer demands and do not impact performance. **IMPORTANT:** No fit or function change. Parts from the new tool are identical to current production except for the differences shown in the pictures above in green. The changes are being phased in gradually, and previous revisions can remain stocked until use. Shipments from current and new tooling configurations may be mixed.

PCN Attributes:

Product Category:	Kind of Change:
Other Connector Accessories	Geometry
Change Feature:	Potential Customer Impact:
Special Design Feature	No Customer Impact
