

RoHS  
Compliant

## Description

This single ESD earthing point provides a permanent grounded fixture to which EPA equipment may be connected or 'bonded', usually via a grounding wire or cord.

Designed for effective grounding in ESD environments. It features a robust, impact-resistant ABS construction, ensuring durability and reliability.

Compact in size, it measures 35mm x 25mm, making it a practical choice for various set-ups.

## Features

- Earthing point with 1×10mm stud
- Clearly marked with black text
- Made from impact resistant ABS

## Specifications

Terminal Type	: Solder Tag
Colour	: Yellow
External Depth	: 14mm
External Length	: 35mm
External Width	: 25mm

## Connection and Installation

Connect back (shown below) to earth via a grounding wire/cord. This ensures the point can be used as a permanent solution for your EPA.

Fit point secularly in an easy to access area of your EPA.

Connect grounding equipment, such as wrist straps, to point via leads with a 10mm Female termination.

## Part Number Table

Description	Part Number
Earth Bonding Point, Single 10mm Stud	070-0003
