2.5

Description

For best optical performance it is important that all optical fibre connections are clean and free of contaminants. Have two fibre optic pen cleaner tools for use with all common types of fibre connectors and adaptors. Convenient and easy to use push click action and robust sturdy construction, the pens have a dry cleaning strand that gently sweeps and removes harmful contaminants from the connector without damaging the connector end face.

Features

- Push click handheld cleaner tool
- 800 clean cycles
- 2.5mm cleaner for use with FC, SC & ST connectors
- 1.25mm cleaner for use with MU & LC connectors
- Cleans UPC and APC connector ferrules (with guide cover in place) and adaptors (with guide cover removed).
- Extendable cleaning head for hard to reach situations
- Warranty: 03 years
