The form, fit, function, quality, and reliability of the inductors will not be affected by the change. Traceability will be maintained through lot code and date code.

Samples are available upon request. Bourns recommends that customers test the affected part numbers in their specific applications for verification of satisfactory performance.

Implementation dates are as follows:

Date that deliveries of products manufactured with the current marking ink will cease: **January 4, 2026**

Date that deliveries of product manufactured with the new marking ink will begin: **January 5, 2026**

First date code using the above changes: **2602**
