

Logitech®

# Wireless Desktop MK300

**Cord free, feature rich**

- **One-touch access controls and programmable F-keys**
- **Intelligent power management with automatic sleep mode, on/off switch and a battery status indicator**
- **1200 dpi optical mouse**
- **Easy-to-setup wireless technology**
- **Low-profile, whisper-quiet keys**

The Logitech® Wireless Desktop® MK300 is free from cords, and full of features. One-touch access controls and programmable F-keys give you fast, easy access to music, video, e-mail and application switching (with the included software). Its 1200 dpi optical mouse makes tracking smoother and more responsive than standard optical mice. Easy-to-setup wireless technology provides a fast, reliable connection right out of the box – just plug the wireless receiver into a USB port on any desktop PC or notebook to get started. You will work in comfort with low-profile, whisper-quiet keys that feel great and barely make a sound.

## SYSTEM REQUIREMENTS

### Windows-based PC
