QuickCam® E 3500™

An easy-to-use webcam with enhanced image quality.

Highlights: Built-In Mic, RightLight™, RightSound™, Snapshot Button, Universal Monitor Clip

Convenience

- **Built-in microphone:** Ensures the whole family can take part in the conversation.
- **Plug-and-play video calling:** Make video calls without installing software. Just connect the webcam to get started.
- **Universal monitor clip***:* Attaches securely to ultra-thin notebook monitors and desktop monitors alike, or can be placed on flat surfaces.
- **Compatibility:** Use it with all major instant messaging programs

Quality

- **1.3-megapixel photos:** Capture high-quality VGA (640 x 480) video and 1.3-megapixel (software-enhanced) images.
- **RightLight™ technology:** Automatically produces improved image clarity, even in dim lighting.
- **RightSound™ technology:** Ensures crystal clear conversations without annoying background noise.
